

School Achievements

An example of increased academic offerings has been the promotion of our second language program. Consistent with the International Baccalaureate guidelines, each student currently benefits from daily Spanish instruction. The goal of our language program is to develop students who are bi-lingual, bi-literate, internationally minded and prepared to compete in this global economy.

In January 2001, Hilton Head Island Elementary School was one of the first schools in the US to be authorized as an IB School. In accordance with International Baccalaureate Organization standards, the school was reauthorized in 2009 and again in 2014. The IB curriculum is articulated from the elementary school through the high school, with the Primary Years Programme, the Middle Years Programme and the Diploma Programme.

In addition to an excellent academic curriculum, our school offers students and their families a wide variety of activities to enrich their lessons and to expand their interests.

- Gifted and Talented Art Classes
- Grade Level Performances
- Juried Art Shows- local & national
- Annual Fall Festival and International Night

Hilton Head Island Elementary School

Annual School Improvement Council “Report to the Parents” 2014-15

Jill McAden, Principal
30 School Rd.
Hilton Head, SC 29926
Phone: 843-342-4100
Fax: 843-342-4299
Email: jill.mcaden@beaufort.k12.sc.us

SIC Annual Goals

The School Improvement Council's goals for the school year, as derived from the five-year School Improvement Plan include, but are not limited to increased volunteerism.

- We have evaluated our communication and have increased opportunities for volunteerism.
- We believe the success of our school is a direct result of the power of the International Baccalaureate framework, the strength of our curriculum, and the commitment of our students, teachers, administration, parents and community leaders.
- The SIC is committed to the improvement of the school, its achievement, and the development of strategies to enhance the well-being of our students.
- Together, with the support of the school administration, parents, teaching staff and community leaders, we will continue to work to enhance the learning environment and opportunities for all HHIES students.

Hilton Head Island Elementary School is a rigorous, inquiry based school. We offer a standards-based curriculum with an international perspective. We teach students through purposeful, guided inquiry.

Student Achievement

Our Mission is to be a school where students, teachers, staff and families create world citizens who are active, compassionate, life-long learners and who demonstrate the IB attributes as they take their place in the global community.

OUR VISION

We envision one school where caring, knowledgeable adults teach all children to love learning; to become honorable and responsible citizens; where academic excellence and respect for others are the standards; where teachers and students are positive contributors to the local and global communities; where teachers, parents and children have a voice and a choice in their educational environment and curriculum. Our school report card Absolute Rating was "Excellent" and Growth Rating was "Good."

The staff works tirelessly to help students achieve success. Our report card reflects the impressive strides our students have made in both the absolute rating and the overall growth rating. Students continue to show a high attendance rate, greater than 96%, and have outperformed many of the district and state averages in PASS testing. These results reveal the importance of shared responsibility between involved parents, talented teachers and an administration who believes that all children can learn.

"For more information, you may view Myschool's "S.C. School Report Card" for the previous school year online at www.ed.sc.gov."

Additional Information

Dear Parents, Guardians, Faculty, Administrators and Community Members,

We, the School Improvement Council (SIC) of HHIES, invite each one of you to join our circle of parents, teachers, administrators and volunteers. Our SIC, like all others in South Carolina, meets monthly to discuss the current events of our school and our district. We provide a voice for our International Baccalaureate school. We are very fortunate to be able to offer the International Baccalaureate program to our young learners. From initial authorization in 2001, Hilton Head Island Elementary has maintained a fine reputation in our community. Students are challenged by a highly trained and dedicated faculty with stringent curriculum. We know that students benefit from involved parents and a strong supportive community; hence, our goal to increase volunteerism. High expectations at Hilton Head Island Elementary are the standard and the results have been impressive.

We hope you will join us to help build a stronger foundation for the students' future.

Jen Fielding
President, 2013-2015

Jill McAden
Principal
