Principal's Report
Mr. John Spagnolia

Cainhoy Elementary/Middle School's commitment to student achievement remains our primary focus. In collaborative teams, the faculty continues to align district curriculum with state-adopted standards.

In planning for the 2011-2012 school year, we will continue with our curriculum book studies and host curriculum conferences to use data to assist teachers in addressing specific instructional areas to improve student achievement. Our ultimate goal is to have all of our students performing Met or Exemplary in PASS in all subject areas.

With the continued dedication and support of our School Improvement Council, Parent Teacher Organization, district leaders, school board members, teachers, and parents, Cainhoy Elementary/Middle School looks forward to meeting the individual needs of all students.
