Looking Ahead

In the upcoming year, CPE plans to add additional Read 180 and System 44 licenses based off of the results of the program. Our focus for the 2017-2018 school year will be developing a Growth Mindset and setting a precedence that each student can grow and learn! In addition, we will be partnering with the Florida Center for Reading Research for staff training and program implementation. This is a great opportunity for our students and teachers.
