## Vision

To challenge and empower our students to be successful in a highly competitive world.

## Mission

Building upon our rich *Lowcountry traditions*, we will ignite, in every student, a passion for life-long learning. Through dynamic instruction, creative partnerships and exceptional support, we will foster opportunities for each student to build a *legacy of success*.

### Goals

- ⇒ We will provide a safe, orderly and healthy school that insures a positive and caring learning environment.
- ⇒ We will foster high levels of academic growth and achievement for all students.
- ⇒ We will recruit, retain and develop quality teachers, administrators and staff.

### Challenges

- ⇒ MNE is primarily composed of military dependent children. Attendance rates are affected because families often do not have control of when military leave occurs. The child's extended family may not live in the area and thus out of state travel can also affect attendance rates.
- ⇒ Due to the transient nature of our military families, students often have gaps in learning as a result of different state academic standards.
