# School Improvement Goals

## Personalized Learning

*MMS will continue to explore the South Carolina Framework for Personalized Learning. We will promote flexible learning environments and pathways to build student ownership in their own learning. Students' needs and the profile of a BCSD graduate are the focus of instructional planning. Teachers will create opportunities for students to set their own goals, monitor their progress, and reflect on their learning.*

## Student Achievement

*MMS will continue to focus on student achievement, specifically in the area of math. Teachers will utilize best practices to provide quality instruction, assessments, interventions and enrichment.*

**TIMBERLAND PRIDE!**

## Technology Grants

With the help of grants from Boeing of SC, Google, and the BCSD, MMS has a newly renovated library with alternative seating and technology that supports a collaborative learning environment. A new Z-Space Lab (augmented reality), mobile Maker Space and Green Screen Technology were also added.
