

STALL WARRIORS

SIC REPORT TO PARENTS 2022-2023

This has been a fanstastic Year at RB Stall High School!
For access to our State Report Card, please visit
<https://ed.sc.gov/data/report-cards/>

The following are our goals for 2023-2024

Goal 1

Academic Achievement

This year we have posted strong gains in our academic achievement. Specifically we have seen an increase in scores on class grades, an increase in participation rates for Honors and AP classes, and scores on End of Course Exams

Goal 2

Climate and Culture

Over the course of this year, a heightened focus on student accountability, relationships, and social/emotional support has resulted in a significant decrease in student misbehavior. This has allowed us to focus on providing a high quality, fun, and engaging learning environment for all

Goal 3

Graduation Rate and CCR

For the past three years we have maintained a graduation rate above 70%. However, this is not sufficient. We are also not achieving our goal of 100% College and Career Ready. We will continue to hold ourselves accountable on these metrics and develop specific strategies to ensure ALL of our students both graduate, and are ready for what lies ahead.
