Dear Parents & Guardians,

Dear Parents,

The 2022-2023 school year was exciting, challenging, and educational on many levels. Our students continued to see improvement both in the classroom and outside of it. Our school report card grade improved, and our 2023 graduation rate was the highest in over ten years. These improvements would not be possible without the hard work of dedicated teachers and staff. Through increased rigor and more course offerings, students were better prepared for post-secondary endeavors. On behalf of Abbeville High School, I would like to thank our parents, school volunteers, SIC members, community members, and booster club members for their endless commitment to improvement across our campus. For each student to have an opportunity to succeed, all stakeholders must be united in vision and committed to working together.

Sincerely,

Scott White
Principal
