

Dear Parents & Guardians,

The 2020-2021 school year was another great year at AHS, despite the circumstances COVID-19 presented. Our teachers and students began to learn new routines and procedures to prepare for another year of both in-person and virtual learning. The option for complete virtual instruction was provided for the 2020-2021 school year with the assistance of our teachers and staff throughout the district.

Our students continued to improve academically as well as athletically. Graduation rates rose slightly, and SAT/ACT scores remained close to 2020. When reviewing scores, please keep in mind that the U.S. Dept. of Education waived federal accountability requirements due to COVID-19. These scores may not provide an accurate representation of the school population.

On behalf of Abbeville High School, I would like to thank our parents, school volunteers, SIC members, and booster club members. For each student to have the opportunity to succeed, the community, school, teachers, students, and parents must continue to commit to working together.

Sincerely,

Renee Newton
