

Charleston County School District is committed to the safe return of students and staff to school this fall. Our "Safe Restart" plan, developed collaboratively by staff and stakeholders, places health and safety as a top priority following recommendations of state and local health experts.

The plan is grounded in two basic principles:
1) Students' academic, social and emotional needs can best be met if students are in school.
2) Students' and staff's health and safety must be a top priority.

Charleston County School District does not discriminate on the basis of race, color, national origin, sex, disability, age, or any other applicable status protected by federal or state law. Questions about non-discrimination policies should be sent to Charleston County School District, 75 Calhoun Street, Charleston, SC.
