

MISSION STATEMENT

Memminger School of Global Studies will do whatever it takes to ensure high levels of student learning both academically and socially.

OUR COMMITMENTS

We will provide students with a nurturing, safe learning environment driven through positive recognition of appropriate behavior.

We will bring the Common Core standards to life through implementation of our Global Studies, partial magnet program.

We will provide each student with immediate responses to learning, both academically and socially, through a school-wide Response to Intervention system.

We will welcome and involve all parents, community volunteers, and University partners to create a collaborative learning community that works toward the school mission.

AWARDS & GRANTS

Memminger was the proud recipient of the:

- ◆ Fresh Fruit & Vegetable Grant
- ◆ Boeing Center for the Promotion of Healthy Lifestyles in Children and Families Wellness Grant
- ◆ A+ Green Certified Award

2012-2013 Report to the Parents

Dr. Teresa N. Turner,
Principal

Marti D. Esarey, M.Ed.,
Assistant Administrator

A Message to our Parents:

Dear Parents,
Memminger School of Global Studies continues to focus on providing the best instruction and support for our students and families. As we prepare to return to our downtown location, we have been helping our students grow academically, behaviorally, and socially to meet the demands of an ever-changing society. We use data to drive our instruction and to help us individualize support to help all students be successful. As always, we put our children's education and well-being first - helping them be learners today and leaders tomorrow!

Dr. Teresa N. Turner, EdD

Principal

What makes MEMMINGER unique?

- ▶ Integration of global curriculum into all content areas
- ▶ Foreign language (Spanish) instruction taught through immersion
- ▶ Emphasis on service learning projects such as the water missions project
- ▶ Inquiry-based instruction
- ▶ Early childhood program for 3-year-olds and partnership with College of Charleston's Early Childhood Development Program
- ▶ Primary literacy instruction and support
- ▶ Literacy and mathematics support for upper grades (3-6): reading and math tutors; Book Buddies program
- ▶ Family literacy workshops
- ▶ Daily fresh fruit and vegetable program
- ▶ Band for fifth and sixth grade students
- ▶ Strings for fifth and sixth grade students
- ▶ Charleston Children's Garden project
- ▶ Active schoolwide recycling program
- ▶ Afterschool and tutoring programs: WINGS and Kaleidoscope
- ▶ Communities In Schools programs and counselors for students and family support

The Memminger Superstar Philosophy

The philosophy at Memminger School of Global Studies is to develop the whole child with an emphasis on self, community, leadership, and service in order to excel in a global society.

We believe in exploring all avenues to educate and enrich our children. We feel that we can accomplish this by providing quality academic and positive behavioral supports for all students.

Each child is accepted as a person and his or her individuality and originality are maintained and encouraged.
