Vision

The vision of the Advanced Studies Program at Ellington is to provide a center for enthusiastic thinkers who work together in a safe and supportive learning environment. Children are valued for their diversity, creativity, and individual learning styles. Teachers, parent, and staff work towards and expect high achievement for all children. With an engaging curriculum that encourages students to solve real world problems, we strive to develop well-rounded citizens, strong leaders, and active community leaders.

The Advanced Studies Program at Ellington offers a curriculum in grades K-5 that includes the opportunity to develop higher order thinking skills, leadership skills, inquiry skills, and advanced study skills. The students will participate in gifted math and reading programs and will have opportunities to learn through hands-on experiences .
