Our Shared Mission at Julian Mitchell Elementary School is creating a safe, supportive, and loving environment where all students can become independent and lifelong learners.

SIC Purpose and Goals

The purpose of this annual *School Improvement Council Report to Parents* is to highlight the progress our school is making in achieving the goals and objectives for our *School Renewal Plan*. This report has been developed to share the challenges and successes of the school, students, parents, and teachers.

Mitchell Purpose Statement

Mitchell Elementary will close the opportunity gap for its scholars by ensuring all students are engaged in rigorous academics, provided equitable opportunities, have a safe, caring, and supportive learning environment, find their voice, and are able to pursue their hopes and dreams. Mitchell students will move mountains.

Our SIC Planning Cycle

At our first meeting this year, the members of our SIC used this plan to guide or work:

1. Learn about our school's needs
2. Choose one area of focus
3. Set a goal for improvement for that area
4. Decide on a SIC activity to meet that goal
5. Make a plan to implement and evaluate the activity—did we accomplish our goal?

Accomplishments of the SIC

- Helped, planned and participated in D-20 Family Night
- Identified areas for improvement in the school's systems (instruction, operations, administration)
- Established Virtual Family Game Nights
- Helped clarify and streamline communication systems (call-outs, newsletters, emails, etc.)
- Promoted virtual field trips to extend learning
- Facilitated and planned end-of-year celebrations
- Gathered stakeholder input on plans for the coming school year (spending, programs, staff)

The Julian Mitchell SIC meets on the last Wednesday of each month and all Mitchell parents, community members, and teachers are invited to attend to provide input into school activities, budgets, instructional and operational decisions with the focus of supporting school-wide goals for improvement.
