The Stiles Point Community will provide an environment that facilitates maximum learning so that each child can function successfully and become a productive member of society. We adopt as a mission the promotion of the Stiles Point Elementary School as a nurturing environment of excellence, where every child feels comfortable, recognized, and challenged.

SIC Annual Goals

Based on current school data, the SIC identified a need to elevate the math scores in Grades 1st through 5th using *MobyMax*, an online computer program with all students qualifying for math intervention. Students scoring below the 25th percentile on both the MAP assessment and on additional benchmark assessments were placed in intervention groups.

Goal: To have 80% of math intervention students meet their individual MCOMP (computation) and MCAP (concepts and application) goals

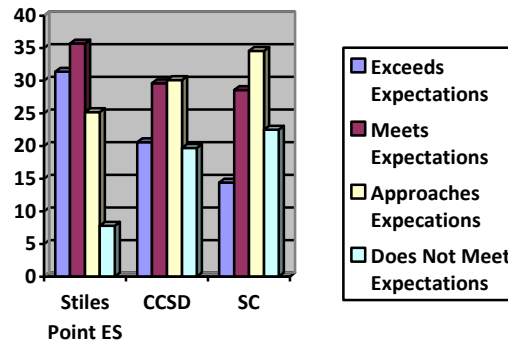

Outcome: Overall 90% of students met their MCOMP goal and 81% met their MCAP goal
