THOUGHTS FROM OUR STUDENTS

I think that SPES is a really nice school. It is a lot more challenging than my other school but I really love it. I feel really safe and my friends and teachers are all so nice. The school itself is big but it could be bigger to walk around in.

Stiles Point is a very good school. I have learned a lot and feel safe here. We do a lot of hands-on activities. Over all, I think this is an excellent school. I actually enjoyed elementary school here.

I love Stiles Point. It is the best school I've been to. I'm really going to miss this school so much and I'm not in a hurry to leave. I've been here for two years and everything is wonderful. The books are great and so are the teachers.

I think I've gotten a good education at SPES. There are no bullies at the school either. The school is clean and safe, full of happy students.

I loved being a student here. I really feel like I got a good education. Every teacher took the time to explain things to me and the field trips were awesome. And we did a lot of cool things in science like with animals.

The new school is pretty. I like the colors and how everything matches. The restrooms smell good, too!

Stiles Point is a great school. I learned a lot of things and I felt really safe while learning. I think everything about this school is great. Hands-on science was fun and so was everything else, especially, the field trips. My teachers were great and so was how they taught all of the subjects.
