CEW Mission

Support the academic and developmental needs of middle grades learners and prepare them for high school, college, and careers in a global economy.

SC SCHOOL REPORT CARD

The CEW 2017-2018 Overall Report Card Rating was **“Average”** with an index score of **“46.”**

To view the full [CEW State Report Card](#) visit the link or go to www.screportcards.com.

SIC Annual Goals

- Increase Parent communications: The SIC created an information site on the CEW webpage, which is still a work in progress, to keep parents in the know about what is happening with the SIC. Mr. Smith sends out weekly parent updates via email and phone messages that inform parents about the week to come. Parents were invited to create usernames and passwords to have access to Power Portal.
- What do parents want to know? A series of vignettes on topics parents want to know more about are being completed and will be posted on the school's webpage and the school's YouTube page by the end of the school year. Teachers and students are also completing short videos and topics that will help parents understand the adaptive software at CEW.
- Increase Student Achievement: In conjunction with our School Renewal Plan, the SIC has reviewed and supported CEW goals to increase MAP and SC READY and SCPASS. A new homeroom tutoring system has been implemented school wide Tuesday through Thursday to give learners extra support in any subject area they need extra help in achieving their goal. MAP growth goals have been set by each learner and Lunch academic Intervention has been implemented for learners to achieve their best at CEW.

About CEW

C.E. Williams Middle School for Creative and Scientific Arts (CEW) believes in the unique abilities and talents of all learners. In order to develop these talents, we provide high-level instruction and various opportunities in the fine arts, sciences, national and local clubs and organizations, athletics and various academic competitions.

CEW provides a challenging academic program which includes several honors courses. Our academic courses have been proven to prepare learners for high school, college and careers. All CEW high school credit courses are counted towards content area credits and not electives.

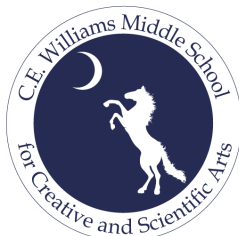

At CEW, learners take four core content area courses per day and two encore (special area) courses per day. Several encore courses are also counted for high school credit. Some encore courses are only offered as yearlong options.

CEW has received initial designation as a School to Watch (STW) by the National Forum to Accelerate Middle-Grades Reform. CEW is the only school in South Carolina to receive initial designation for the 2017-2018 school year and the first in Charleston County School District.

CEW is truly a diverse and dynamic school and our faculty and staff strive to provide the best experience possible for our learners.

As we always say,

"It's a great day to be a mustang!"

A Few Highlights

CEW learners had a chance to experience augmented reality firsthand.

Several CEW learners participated in the Optimist International Oratorical Competition.

The CEW PTSA purchased tables and benches which were used to provide outdoor classroom space.
