

Greetings,

Welcome to the 2016-17 school year! Our quest for providing your child with a quality education has not changed, and we remain dedicated to our mission:

...to build, teach, and model educational and leadership opportunities that empower ALL students to be tomorrow's leaders, today. We will redefine and transform how students learn through personalized learning and continuous support from all stakeholders.

This year our focus will be to complete the criteria to achieve Lighthouse Status as a Leader in Me Magnet School. It will take all of us to make this happen. The components that we must implement are the same components that are embedded in the Profile of a South Carolina Graduate: world class knowledge, world class skills and life and career characteristics. As we continue to implement the 7 Habits to create a foundation for success for every student at CPA, I challenge all parents to implement the 7 Habits in their home and be an active partner in your child's education.

Educationally yours,

Principal
