### ● WHERE ARE WE GOING?

Our continued goal is to move Gaffney High School from Good to GREAT. Our focus this year is to continue goals 1 and 3, which will serve as an encouragement for our present student body and those in the future. In 2021-2022, we plan to open GHS's first school store that will serve as a reasonable retail/supply provider to our students and community, but also as a transitional opportunity to prepare students for real-world professional skills.

“A goal without a plan is a dream.”
