

This has been a very successful year at Granard Middle School. Our teachers and staff worked diligently to provide a nurturing and academically challenging environment. Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by providing two foreign language electives. Granard Middle school also provides career studies. These components encourage students to develop their skills and abilities to the maximum and rise as far as their talents will take them. Our school was awarded the National Beta Club of Distinction Award. Our school continues to receive a Project Unify Grant which is an education-based project that uses sports and education programs to foster respect, dignity and advocacy for people with intellectual disabilities. Our students participated in Regional Band, as well as having successful seasons in football, volleyball, and basketball. Students and staff participated in Writing Across the Curriculum. This was a tremendous success. We continued to stress technology implementation in the classrooms and held school-based training sessions. Additionally, our staff participated in a variety of meaningful professional development opportunities in order to improve classroom performance. Granard Middle School is in the fourth year of Positive Behavioral Intervention and Supports (PBIS). We continue to be committed to providing a quality educational experience for every student.
