Strategies for Improvement

- Attendance

We stress good attendance with students, and reward students each nine weeks for perfect attendance.

- Reading intervention

Students who have participated in this focused small group instruction have shown and maintained gains in their reading levels.

- Literacy center

Our literacy center provides leveled readers and nonfiction books for shared use by teachers in flexible guided reading groups.

- Analyze test data

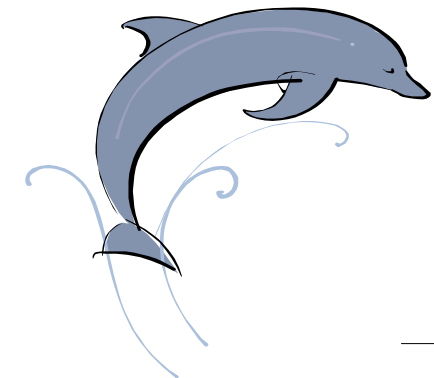

MAP tests, PASS, Dominie assessment, and benchmark tests are used to address individual needs.

- Inquiry based science kits

Continued use of inquiry based science kits to address science process skills has improved our science instruction.
