Strategies for Improvement

Strategies for improvement during the 2022-2023 school year are:

- ◇ Professional developments with teachers will focus on student engagement, instruction, curriculum, literacy, and technology.
- ◇ Data analysis of KRA, GOLD, i-Ready, and Next Steps will aid teachers with helping to determine student growth and learning goals for class instruction.
- ◇ Students experiencing any academic difficulties will participate in the Multi-Tiered System of Supports (MTSS) program to strengthen academic skills.
- ◇ School-wide goals will be developed for Student Achievement, Teacher Quality, and School Climate.
- ◇ School personnel, parents, and community agencies will work together in an effort to promote educational success for students.
