Mission Statement

SIC Annual Goals

This school year our school focused on the courtyard and the transformation from a non-used space to a space that students would be able to use for not only academics but for fun activities as well.

We still have the opportunity to build this project and will continue into the next school year to complete this process.

Student Achievement

We increased our report card score from a 37 on the 2021-2022 report card to a 52 on the 2022-2023 report card. We attribute this to our LETRS training and the intervention that we have implemented in our school.

“For more information, you may view JD Lever’s “S.C. School Report Card” for the previous school year online at www.ed.sc.gov.”

Additional Information

WE would love to have you volunteer at our school. Please contact the school if you would like to become a volunteer or if you would like to help in any capacity!

We are so proud of our students and what they are accomplishing and would love to share that information with you!

Sincerely,

Kippy Kelly
Principal
