Focus for 2018-2019

Chester Senior High School will continue to focus on creating a culture of high expectations for all students. We are creating a professional learning environment that focuses on LEARNING throughout our building which includes teachers, students, and parents. We have continued our one-to-one technology initiative that has helped to actively engage students and teach them necessary 21st Century Skills. We work with our on-site *Career Center, Winthrop University, York Technical College, and Lancaster USCL* to ensure our students are getting the knowledge and skills to fit the *Profile of a South Carolina Graduate*.
