Focus for 2017-2018

Chester Senior High School will continue to focus on creating a culture of high expectations for all students. We are creating a professional learning environment that focuses on LEARNING throughout our building. (Teachers, Students, and Parents) We have continued our one-to-one technology initiative that has helped to actively engage students and teach them necessary 21st Century Skills. We work with our on-site *Career Center, Winthrop University, York Technical College, and Lancaster USCL*, to ensure our students are getting the knowledge and skills to fit the *Profile of a South Carolina Graduate*.
