Dear Families,

This brochure is a report of the progress of our school has made during the 2010-2011 school year. The School Improvement Council has been instrumental in implementing our school improvement plan. The School Leadership Team, teachers, staff, and administration have assisted and monitored the plan.

The Chester County School District has developed a 2010-2011 Strategic Plan. Our district goals are:

- **We will increase each student's performance level and maximize each student's potential in order to meet or exceed state and national standards.**
- **Community members, parents, students, and staff will collaborate to promote a positive learning environment.**
- **Students will be aware of career opportunities and will be prepared to enter the workforce, pursue further training, or seek higher educational opportunities.**

Our teachers and staff pledge to meet the school's mission and district goals by:

- **Emphasizing the importance of learning for all students.**
- **Providing a nurturing, safe, and challenging environment.**
- **Fostering respect for individual differences.**
