At Clearwater Elementary, we envision a safe instructional environment that is conducive to learning, where the stakeholders share responsibility for advancing the school's mission. While accepting individual's differences and abilities, the common goal of reaching academic potential is actively promoted by the school community in which we continue to build partnerships. We strive to provide excellent academic programs that are data driven to meet our student's needs. Our commitment to fostering home-school relations, increasing academic achievement, teacher collaboration, and professional development ensures our students will be prepared for the future.

SIC Goals

- Increase student achievement across all content areas
- Continue to improve home-school relations
