Mission Statement

Pageland Elementary provides opportunities and motivates every student to grow in learning.

School Renewal Goals

Goal: The Percentage of our students who score MET or above in ELA will increase by 8% in the year 2016.

Strategies:

- Literacy training provided to all ELA teachers.
- Teachers will analyze data and target instructional strategies to support students in meeting their growth in reading.
- Teachers will create assessments and align instruction based on the SC College- and Career-Ready Standards.
- Reading Interventionist will identify low achieving students and provide focused reading instruction.

Goal: By 2016, our math scores will increase by 10%.

Strategies:

- Teachers will analyze data from various assessments such as common assessment, MAP scores and formative assessments to direct classroom instruction.
- Provide learning opportunities such as professional study groups, teacher observations and coaching conversations
- Math Interventionist will identify low achieving students and provide focused math instruction.

Goal: The percentage of core academic teachers receiving high quality, researched based professional development will be 100% by 2015-2016.

Strategies:

- The faculty will participate in study groups to reflect upon issues related to classroom instruction, testing and performance of students
- Provide teachers with effective teaching strategies that can be used across the curriculum.
