# Pageland Elementary School

## Mission Statement

Pageland Elementary provides opportunities and motivates every student to grow in learning.

## School Renewal Goals

**Goal:** The percentage of our students who score at or above the state average in ELA will increase by 10% in the year 2017.

### Strategies:

- Integrate literacy across the grade levels
- Continue to implement research-based instructional delivery models including reading and writing workshops, balanced literacy, authentic reading and writing and inquiry-based learning
- Continue to implement RTI model at the school and district level
- Increase independent reading time in all content areas

**Goal:** The percentage of our students who score at or above the state average in math will increase by 5% in the year 2017.

### Strategies:

- Teachers will analyze data from various assessments such as common assessment, MAP scores and formative assessments to direct classroom instruction.
- Continue to implement pre and posttest for units of study and conduct item analysis to determine student needs
- Teachers will participate in professional learning for new SC college and career standards through regional and state conferences and trainings

**Goal:** The percentage of core academic teachers receiving high quality, researched based professional development will be 100% by 2016-2017.

### Strategies:

- The faculty will participate in study groups to reflect upon issues related to classroom instruction, testing and performance of students
- Provide teachers with effective teaching strategies that can be used across the curriculum.

## Accomplishments

- *Teacher of the Year 2015- 2016*
