## School updates

We had an interesting end to the school year. The Covid19 Pandemic caused the building to be closed on March 13th. Teachers and students continued to work with distance learning packets. We truly missed our students and appreciate the hard work both the parents and the students did with the distance learning

### New to BSECC

- Implemented Phonics Workshop in Kindergarten
- Teachers participated in Social Emotional Workshops
- Implemented the Pyramid Model for helping students develop the skills needed to be productive students and citizens
- Computer typing program was introduced to kindergarten students
- New related arts– Creative Movement– everyone loves it!
