Assessment

STAR

Star Reading and Math are computer-adaptive tests that continually adjust the difficulty of the child's test by choosing each test question based on the child's previous response. STAR Reading and Math help determine reading and math achievement levels in order to place students in the Accelerated Reader and Math programs. For every STAR assessment, a child receives a scaled score, which is based on the difficulty of the questions and the number of correct answers. Scaled scores are useful for comparing a child's performance over time and across grades.

Purpose

This report is issued by the CES SIC in accordance with South Carolina law to share information on the school's progress in meeting various goals and objectives, the work of the SIC, and other accomplishments during the school year.

CES SIC Goals

I. Increase student achievement by:

- Aligning the school's English Language Arts curriculum, instruction, and assessment system with the SC state standards to maximize student learning.
- Implementing an assessment system that generates a range of data to support student learning in the areas of ELA and math to guide data-driven instruction.

II. Use data to guide instruction by utilizing:

- STAR reading and math assessments
- Developmental Reading Assessment 2 (DRA2)
- PALS
- Mastery Connect Formative & Summative Assessments

III. Provide effective leadership and communication to promote school effectiveness by updating:

- Monthly Newsletter
- School Website
- Title I School, Home, and Family Compact
- Student Handbook and Calendar
- SC State Department and Title I surveys
