School Mission Statement

At HES, we promise to build relationships, promote positive culture and climate, live and model the 7 habits and celebrate the whole person.

School Renewal Goals/ Student Achievement

Students will:

- Experience high quality instructions – Use Science kits – Use Math manipulatives – Use MAP, Study Island, Reading Eggs, - Participate in Literacy activities - Experience individualized instruction - Live and practice the 7 Habits - set and track wildly important goals.

Teachers will:

- Participate in professional development – Use computer assisted instruction – Develop standards-based plans – Have extended planning for curriculum development – Provide small group instruction – Use RTI process to refer students who may need additional assistance – Live and model the 7 Habits – Set and track personal and professional wildly important goals.

Teacher/Administrative Quality:

- Participate in professional development – Use research based instructional strategies – Track effectiveness of Professional Development and other school wide initiatives.

School Climate/ E-Learning:

- Establish partnerships with businesses in the community. – Implement communication plan with parents – Empower students to lead by creating their leadership team.

Hendersonville Elementary School
Performance as measured by the SC Ready
Approaching Meets/Exceeds Category.

Leader in Me®

FIND YOUR VOICE

Additional Information

We are excited to be a Leader in Me school. The Leader in Me movement is based off of Stephen Covey’s *7 Habits of Highly Effective People*. The Leader in Me is a process designed to help teachers develop leadership skills in their students. It gives all students an opportunity to shine. It instills 21st century skills like creativity, innovation, critical thinking skills, communication, adaptability, self-direction, accountability, productivity and responsibility in those who live its principles. Our core values are based on these principles; we believe that everyone can be a leader, everyone has genius that change starts with me, educators empower students to lead their own learning and we develop the whole person. The past three years we have learned the 7 Habits and how to apply them to everyday life, we have learned about the 4dx goal setting process. Our school goal this year has been to improve our Math and Reading Fluency.
