

Goals and Strategies for Improvement for 2014-2015

1. Pilot the new South Carolina Teaching Standards (SCTS) model to allow teachers to gain knowledge related to state expectations for student and teacher growth.
2. Pilot the South Carolina Teaching Evaluation process with the use of Student Learning Objectives which are content-specific, grade level learning objectives that are measureable, focused on growth in student learning, and aligned to curriculum standards.
3. Continue collaborative groups to refine curricula as well as design formal and informal assessments that reflect the higher levels of the revised Bloom's Taxonomy.
4. Plan and implement an 8th grade end of the year induction program, "Sub-Freshman Night", to introduce parents and students on the requirements for high school.
5. Develop department actions plans aimed at improving student performance, discipline, and attendance based on the analyses of assessment and demographic data.
6. Continue to use the Measure of Academic Performance data to drive instruction and determine scheduling.
7. Continue with the current credit retrieval plan using A+ Learning to provide alternatives to students who require extended time to earn credits toward graduation.
8. Continue to use GATOR PRIDE incentive program to reward academic performance, attendance, wellness, and success.
9. Provide professional development opportunities for teachers in content, assessment, methodology, and technology.
10. Establish lines of communication with parents through School Messenger, Ed-Line WebPages, weekly telephone calls, and conferences.

School Improvement Council

Annual Act 135 Summary Report - February 11, 2015

LVHS SIC's mission is to serve as a school advisory council that involves parents and community members who will support and assist the school's administration and teachers in their innovative efforts to improve the overall quality of the school for students.

It is the mission of Lake View High School to develop life-long learners and responsible, productive members of society by providing academic, social, and emotional skills through cooperation of school and community. With this mission as the center piece, LVHS is proud to present to parents, teachers, students, and community members the SIC annual report.

Lake View High School serves academically and athletically talented students in grades 6 through 12. Mr. Edison Arnette, a seasoned leader of 23 years, is the principal. Under his leadership, Lake View High School has climbed the ladder of success. Lake View High School has been the recipient of the impressive Palmetto Gold Award six times and last year LVHS received a B rating with a score of 80.8% according to the ESEA Federal Accountability System. With a focus on rigor, relevance, and relationships, Lake View High School will continue its commitment to enhance and improve the academic performance of each and every student.

Curriculum planning and the implementation of standards based instruction has continued to positively impact student achievement. A comprehensive testing plan for the 2013-2014 was developed using data from state and district mandated tests; MAP, EOC, SCPASS, SAT, and ACT. Programs also provided interventions to assist at-risk students (Tutoring, Mentoring, Tier 2 Keytrain-WorkKeys Programs, PAXIN Program, and Trinity Behavior Specialist). Lake View High School has also provided Scholarship and Financial Aide Workshops for students and parents.

Lake View High School Beliefs

In accordance with SC state standards, we advocate that upon graduation, students will be self-directed learners, contributors to the community, and collaborative workers who are able to accomplish all goals with the following beliefs:

1. We believe that a safe and secure environment is necessary to enhance student performance.
2. We believe that individuals are responsible for their actions, setting their own goals, and reaching their potential.
3. We believe that education is a shared responsibility among parents, students, educators, and the community.
4. We believe that all individuals deserve respect.
5. We believe that young people are important and our investment in them is our greatest insurance for the future.
6. We believe that all individuals have value and can learn.
7. We believe that high expectations are necessary for all individuals to reach their maximum potential.
