

Lake View Elementary School

Report To The People

2010-2011

Lake View Elementary School was the proud winner of the Palmetto Silver Award in two categories during the 2010-2011 school year. This prestigious award was earned by outstanding academic performance on the PASS exam and by closing the achievement gap. This award represents the continuous work and dedication of the students, parents, teachers, and administrators on a daily basis.

As a Red Carpet School, we strive daily to provide a family-friendly environment and excellent customer service. Our Media Center conducts "Library Late Night" once a month to provide after school time for parents and students to use the library. Parents and students are able to check out books together and use the computers for research. Basic computer skills are provided for parents through mini classes taught at night by the media specialist.

Through partnerships with our dedicated School Improvement Council and PTO, Lake View Elementary will continue to strive for excellence, ensuring academic success for all students.
