

Lake View Elementary

2011-2012 Annual Report To The People

Dear Parents and Community Members,

The School Improvement Council has prepared this report to highlight Lake View Elementary's accomplishments, to review student achievement data, and to identify goals set for this school year.

The School Improvement Council is in the process of developing a new comprehensive five year plan to improve student achievement. This plan will be submitted to the Dillon School District Four Board Members and upon approval, will be submitted to the State Department of Education.

If you have any questions about the information in this report, please call the school office at 759-3003 and ask to speak to the principal, Kimberly Walsh.

Sincerely,

SIC Members

Lake View Elementary Highlights

- An Individualized Instructional Plan was designed for every student through the Compass Learning Program, based on the students' MAP test score data. Compass Learning is a web based program, and therefore students can access their individualized plan at home.
- Students are now served free breakfast in the classroom every morning. This ensures all students begin their school day with a nutritious breakfast and will enable them to perform at their maximum potential for learning.
- The Library continues to conduct Library Late Night once a month. Parents and students may come in and use the computers to conduct research or check out books together.
- The Sondag Reading program is utilized to provide early reading intervention for students.
- The Lets Play Learn Reading program is used universally in all 5K classrooms to reduce the number of reading interventions needed in higher grades.
- Science Kits are used in grades 3 and 4 to enhance the science curriculum.
