Title I Funds Title I

The funds received were used to employ an additional full-time guidance counselor, BMR aide, a full-time instructional aide, and two half-time instructional aides. Professional development opportunities for teachers were also increased with these funds. In addition, parenting workshops were financed using Title I Funds .

Volunteer Program

Parents and community members were immersed with opportunities to become involved in our school. We have an active volunteer program sponsored through our guidance department. We continued to sponsor events such as: Donuts for Dads breakfast, Muffins for Moms breakfast, Literacy Night, Parenting Nights, Family Feud Math Night, National Walk to School event, the Art Extravaganza, and our infamous the Seussical .

"Children are the HEART of North Aiken!"

From The Principal's Desk

Mission Statement:

The educational mission of North Aiken Elementary School is to provide each student with instruction using best practices based on scientific research through a challenging curriculum to assist in the development of mind, character, and overall well-being; while actively welcoming and encouraging parent and community involvement in the education of our children.

Vision:

The children are the **HEART** of North Aiken supported by reflective and responsive teachers and staff, devoted parents, a supportive district and a strong community. We work together to provide students with a variety of academic, technological and social experiences. We endow all learners to believe, engage and excel!

Here at North Aiken our main focus is on student achievement and youth development. The teachers of North Aiken employ research-based instructional practices to ensure student achievement and success. The accomplishments of our school can be accredited to the hard work of the students, faculty, staff, parents, the School Improvement Council (SIC), and the School Intervention Team. As a school community, we look forward to the future and continued input and collaboration with all stakeholders.

Elisa Sanders-Pee, Principal

From The Assistant Principal's Desk

At North Aiken we are "building for a better tomorrow-one child at a time." We're a school with a plan and a mission, driven by assuring student achievement through the incorporation of rigor, relationships, and relevance. North Aiken Elementary is providing the foundational skills needed to be victorious in tomorrow's society.

Clyde Jobses, Assistant Principal

Our Instructional Program

At North Aiken Elementary School we continue to implement the Common Core State Standards. These standards were approved by the South Carolina State Department of Education for the 2014-2015 school year. The teachers of North Aiken employ research-based instructional practices dedicated to ensuring the success of all students. Students are assessed using teacher-created assessments, MAP, SRI, iRead, Dominie, and ACT Inspire.

The teachers were engaged in math professional development with Ruth Patrick consultants as well as Alysia Brady. In addition, teachers were afforded the opportunity to participate in professional development with a consultant from the Scholastic Company utilizing an effective instructional framework. Teachers received additional professional development from instructional coaches based on student and teacher needs.
