STRATEGIES AND ACTIONS:

- A primary focus this year is to provide more clear opportunities for parents to get involved and to increase parent communication (SET). To achieve this, the SIC has set up Parent Information Booths at school-sponsored events, coordinated Room Parents in classrooms, and distributed a monthly parent calendar of events.
- Additionally, we are actively assisting with the School Renewal Plan by reviewing data and developing concrete action steps to improve the overall school experience for all shareholders.
- Partnerships have also played an important role. Our partnerships include: Awaken Church, Ashley Ridge Church, Rack Room Shoes, Lowcountry Food Bank, Expanding Table
