One School, One Book

In 2023-2024 we continued our One School, One Book program. For three weeks classes shared a common reading experience with

The Chocolate Touch

by Patrick Skene Catling

Every class was provided an electronic copy of the book and together we read, simply for the joy it provides.

North Augusta Elementary Writing Lab

The North Augusta Elementary writing lab allows students to experience the joy that is found in writing while improving their ability to communicate. Students write with a purpose to share, persuade, inform and entertain.

SIC Goals

Goal 1: Increase Student Achievement

The school used Fountas & Pinnell, Fastbridge, and MAP to monitor and guide instruction.

Computer assisted instruction provides every student a personalized learning path.

A School Intervention Team met regularly to support teachers in analyzing school and class-level achievement data.

All classroom teachers use small group intervention to supplement reading and math instruction for struggling learners.

Laptop Computers 1:1 in Kindergarten-5th grades.

Goal 2: Increase Teacher Quality

Teachers attend professional development activities throughout the school year including weekly PLC meetings. This year's training centered on monitoring student growth.

Reading teachers participate in variety of reading and intervention trainings designed to help them best develop ways to monitor student progress.

Goal 3: Improve School Climate

The school's website and school Facebook page are maintained and parents receive a school newsletter and monthly calendar filled with important information. Parents are given access to the PowerSchool Parent Portal allowing them to access their student's grades and attendance information.
