Progress

Throughout this year, we have remained focused on achieving the goals established by the SIC and our School Renewal Plan.

Teachers have met extensively with District Content Interventionists, our Literacy Coach, and a State Department Consultant to deconstruct learning standards for intentional planning.

To improve school climate, students are rewarded for making good choices. To encourage good behavior, students participated in a kindness and respect poster contest. Improvements in behavior were celebrated with activities such as spirit day, hat day, and pajama day. Students who demonstrate good character are honored each month.

Students are recognized for academic growth and achievement. As students make gains, they receive certificates and have their names announced. Classroom awards ceremonies are held to honor students' success.

She is inspired everyday by the special young people who have stolen my heart and bless me everyday.
