Progress

Throughout this year, we have remained focused on achieving the goals established by the SIC and our School Renewal Plan.

Teachers have met extensively with our Literacy Coach, District Content Interventionists, and a State Department Consultant for intentional planning. Our K to 3 teachers are receiving weekly training with Language Essentials for Teachers of Reading and Spelling (LETRS).

To improve school climate, students are rewarded for making good choices. To encourage good behavior, we used a race as a visual display for students. As pieces are earned on the track, students receive incentives. On days when we have a calm learning environment, the Peace Flag flies beside the race track. Improvements in behavior were celebrated with activities such as spirit day, hat day, and pajama day. Students who demonstrate good character are honored each month as Terrific Kids.

Students are recognized for academic growth and achievement. As students make gains, they receive certificates and have their names announced. Classroom awards ceremonies are held to honor students' success.

Goals

Goal 1

Provide professional development for all teachers on intentional planning to improve student achievement.

Goal 2

Develop an incentive program to increase making good choices to improve school climate.

Goal 3

Celebrate student growth.
