Geiger Elementary School Mission Statement

Geiger Elementary School in educational partnership with staff, students, parents, and the community will prepare students to be successful and responsible in a progressive society.

School Improvement Council Purpose

The School Improvement Council (SIC) is a group of parents, teachers and community members who work together to discuss and implement ideas that will improve the overall quality of Geiger Elementary School.

Mission

The mission of the Geiger Elementary SIC is to make recommendations to the principal, to assist with the development of the school improvement report and to monitor the schools' objectives and strategies.

It has been my pleasure to serve as your SIC President for the 2011-2012 school year. The SIC Team is committed to helping make Geiger Elementary the best school in the nation. Earlier this year, a grandparent of two of our students, commented to me, "Geiger feels like a family." I wanted to share this with you as I feel the same way.

Our students and faculty have accomplished many great things this year, and we look forward to them achieving much more next school year. We welcome your suggestions and ideas and encourage you to become part of our SIC Team. Together we can accomplish great things.

*Sincerely,
Regina Swann
SIC President*

Ways parents can stay involved

- Parent-Teacher Conferences
- Report Card Pick-up
- PTO/SIC Meetings
- Field Trips
- Assisting Teachers
- Parent and Grandparent Special Days
- Award Programs
- Volunteering in classrooms

Goals

ACADEMIC

- ◆ To work collaboratively with school staff to develop and encourage an environment that promotes academic success.

CATCH

(Coordinated Approach to Child's Health)

- ◆ Increase students' awareness of healthy food choices.
- ◆ Increase students' awareness and amount of physical activity.

SIC

- ◆ Promote community involvement.
- ◆ Improve home/school relations.

Special Recognition

Trace Swann won 1st place at the USC Regional Science Fair for the Sixth Grade division.
