

## State Accountability

The South Carolina Department of Education has adopted the College and Career Ready Standards for the students of SC. These standards are designed to be rigorous in order to prepare our students for success in the future. The Profile of the SC Graduate focuses on three areas that are needed for success: World Class Knowledge, World Class Skills, and Life and Career Characteristics. At Moore we are working diligently to provide innovative practices to ensure our students are prepared and ready for the future. For more information on the state standards.

Visit [www.scfriendlystandards.org/](http://www.scfriendlystandards.org/).
