

Annual Report to the People

Wilson High School

2012-2013

Letter from the Principal:

Dear Parents,

My first year serving as principal of Wilson High School has been outstanding. It has been a pleasure working with a great faculty and staff, and also having the support of parents and community members. It is my goal as principal to continue to provide students with a rigorous academic curriculum, while instilling in them values and character. Once again, thank you for your support.

Dr. Eric D. Robinson
