ACHIEVEMENT

Strategies Gold (4K), Fountas and Pinnell (5K-2nd), and NWEA Measures of Academic Progress (MAP) Reading and Math Assessments (1st-5th) are administered each year during fall, winter, and spring. Formative and summative assessments are administered throughout the school year. Teachers use these data points to assist them in differentiating instruction. This information is used to plan instructional strategies to target and support areas of academic weakness and enrich academic strengths. Teachers also monitor student progress to develop goals with students. Goal setting with students plays an integral part in results on district and state assessments.

Based on MAP Reading and Math testing data, we feel a majority of our students will be successful during SC Ready standardized testing.
