ACHIEVEMENT

Strategies Gold (4K), Fountas and Pinnell (5K-2nd), and Houghton Mifflin Harcourt Reading and Math Inventories (3rd-5th) are administered each year during fall, winter, and spring. District benchmark assessments are administered, in all subjects, to grades 1st through 5th at the end of each quarter. Teachers use these data points to assist them in differentiating instruction. This information is used to plan instructional strategies to target and support areas of academic weakness and enrich academic strengths. At Warrenville, teachers track student benchmark data in data folders which are the building blocks of tracking student data school wide. This process plays an integral part in determining how to achieve outstanding results on district and state assessments.

Based on Houghton Mifflin Harcourt Reading Inventory (RI) testing data, we feel a majority of our students will be successful during SC Ready standardized testing.
