## ACHIEVEMENT

Strategies Gold (4K), Fountas and Pinnell (5K-2<sup>nd</sup>), and Houghton Mifflin Harcourt Reading and Math Inventories (2<sup>nd</sup>-5<sup>th</sup>) are administered each year during fall, winter, and spring. District benchmark assessments are administered to grades 2<sup>nd</sup> through 5<sup>th</sup> at the end of each quarter. Teachers use these data points to assist them in differentiating instruction. This information is used to plan instructional strategies to target and support areas of academic weakness and enrich academic strengths. At Warrenville, teachers track student benchmark data in data folders which are the building blocks of tracking student data school wide. This process plays an integral part in determining how to achieve outstanding results on district and state assessments.

According to spring Houghton Mifflin Harcourt Reading Inventory and Math Inventory data, our 2<sup>nd</sup>-5<sup>th</sup> grade students increased their reading proficiency by 22% and their math proficiency by 41%. Based on HMH RI and MI testing data, we feel a majority of our students will be successful during SC Ready standardized testing.
