What does the future hold for OWES?

In the fall of 2016 Oakwood Windsor was honored to be designated as the MTSS (Multi Tiered Systems of Support) Pilot School for Aiken County. OWES was chosen because of the caring and dedicated faculty and staff who will always go that extra mile for each and every student. 2016-17 has seen many new initiatives to assist in better identifying the individual needs of each child and provide the support that they need to succeed. 2017-18 will be the year to fully implement the processes we have started and bring many new ones on board. We couldn’t do this without the support of our parents and community!
