

Henry L. Sneed Middle School is committed to providing a balanced, well-rounded education by establishing a safe, caring, and academically challenging learning environment. We provide such an environment through the implementation of our school vision: The Future Starts Now! We exhibit this vision by providing educational opportunities and support to equip our students with the skills and knowledge needed to perform at their optimal level and by continuous professional development of our teachers in best practices.

Sneed Middle School is particularly proud of the participation of its faculty and students in various charitable efforts. Sneed students have provided food and other supplies through our Beta Club, House of Hope, McLeod Children's Network, Keep Florence Beautiful and Operation Christmas Child. Through such programs, our

students and faculty learn about integrity, perseverance and global perspective.

At Sneed Middle School, we believe our young people want to be productive members of society and make a difference. Our goal is to send academically prepared and socially aware students to the next phase of their education and ultimately developing responsible and productive members of society.

We have an Arts program that continues to win State honors in Band, Chorus and Art. We are proud to be Sneed Squires!
