We understand that all aspects of a child's education centers around the family and community. Research shows that there is a direct relationship between parental involvement and student achievement. Meeting the needs of all of our students, their families, and our community is vital to the quality of education in our school and the academic success of each student. We encourage your support and participation in our school activities throughout the year. By forming a strong partnership, we can all work together to educate and inspire all of our students to succeed. Please make every effort to get involved today.
