Parents : Chauntee Pringle & Yolanda Graham, Co-Chairs; Kimesther Ross

Community Members: Emma Martin; Sheila Elliot

School Members: Pamela Peterson-Brown, Secretary; Jennifer Gribben, Teacher; Ashton Schumpert, Teacher; Lisa Holden-Small, Teacher

Support Staff: Margie Myers, Principal; Deitra Johnson, Building Administrator

Goals of REMJHS SIC

Parenting

To promote and support parenting skills.

Communications

To improve consistent, meaningful, two-way communication between the home and school.

Volunteering

To increase volunteer support and assistance.

Student Learning

To increase parent involvement with their children's learning at home.

Decision Making

To make parents full partners in the decisions that affect children and families.

Collaborating

To identify and increase community resources.

Join SIC! We are always looking for new members to join our team to determine ways to improve our school. If interested, contact us!

*Educating and inspiring all students to
be successful by preparing them to be
100% College and Career Ready!*

Report to the Parents

Principal's Message

Ronald E. McNair Junior High School prides itself in educating all of its students in order that they may develop world skills, as well as life and career characteristics, that will enable them to be fully functioning and diversely educated individuals who are prepared to meet the challenges of life in the twenty-first century. To achieve these goals, students receive an integrated education that provides them with academic knowledge and assists them in their own personal development. Differentiated learning is utilized within the classrooms that will address the different learning styles of the students and meet their individual needs. Our objective remains for all students to have a positive learning experience and become lifelong learners.

Even though change is absolutely necessary in our evolving society, at Ronald E. McNair Junior High School, we still value the home-school partnership as a very important element in the education of our children. We understand that all aspects of a child's education centers around the family and community. Research shows that there is a direct relationship between parent involvement and student achievement. Meeting the needs of all of our students, their families, and our community is vital to the quality of education in our school and the academic success of each student.

We encourage your support and participation in our school activities throughout the year. By forming a strong partnership, we can all work together to educate and inspire all of our students to succeed. Please make every effort to get involved today.

Margie Myers
