A Message From the Leadership Team

We are extremely PROUD of the growth being shown at LCHS. We cannot express how proud we are of the Faculty, Staff, and Students. The hard work, commitment, and dedication shown on a daily basis is uplifting.

Now that growth is being shown we ALL understand we cannot stop there. We must continue to strive every day to make LCHS a shining example and leader in education. Even though struggles and trials will come, we must keep our focus on ensuring ALL students are college and/or career ready and are productive, responsible members of society.

#LCStrong

Offerings at Lake City High School:

CTE:

- Building Construction
- Masonry
- Firefighting
