SIC Annual Goals

My name is Dr. Sharon N. Williams and I'm so excited to introduce myself as the principal of Main Street Elementary School. I'm pleased to be re-joining the MSE family. From my time as a fourth grade teacher here, I have loved the school, the students, the parents, the community, and the district. It is truly an honor to have been selected to join the MSE family.

Over the past twenty-two years, I have worked in several capacities in education, but I consider my most important job to be that of a student advocate. I believe that each child is a unique individual who needs a safe, consistent, and engaging environment where they can grow and mature emotionally, intellectually, physically, and socially. I view my role as an educator as one who helps students meet their greatest potential. Over the next few months my goal is to spend time getting to know your children, their personalities, learning styles and interests. Here at MSE, we will celebrate all of our students' successes - small and large. We will encourage them and let them know they are valued and have a special place in our school community.

Parent Involvement Goals

- Provide information and ideas to families about how to help students at home with homework and other curricular-related activities, decisions, and planning.
- Design more effective forms of school-to-home and home-to-school communications with all families each year about school programs and their children's progress.
- Recruit and organize parent help and support.
- Involve parents in the planning, review and improvement of programs in the school wide reform plan through parent suggestions and input at School Improvement Council meetings and Fall/Spring Surveys.
- Identify and integrate resources and services from the community to strengthen school programs, family practices, and student learning and development.
- A Parent Center is provided with resources to help with academic and social development. This center is opened during school hours.
